As the original Arnold Palmer Signature design along the Gulf Coast, the Cotton Creek course combines the mystique of a golf legend with the Southern hospitality of the Craft Farms family.

Featuring rolling fairways, large undulating greens and Southern Hardwoods, Cotton Creek at Craft Farms is very playable from the forward tees and a true championship challenge of over 7,000 yards from the tips. True to its Palmer design, this traditional 18-hole masterpiece was laid out to challenge rather than intimidate, with numerous risk/reward opportunities throughout.

Cotton Creek and its sister course, Cypress Bend at Craft Farms, are Palmer's only Alabama projects.

In addition to outstanding golf, Craft Farms Coastal Golf Resort also offers complete on-site amenities, including the picturesque lakeside Cotton Creek Clubhouse, the award-winning Courtyard by Marriott and the luxurious Cypress Point Condominiums.
